## NEIL HERBERT

---

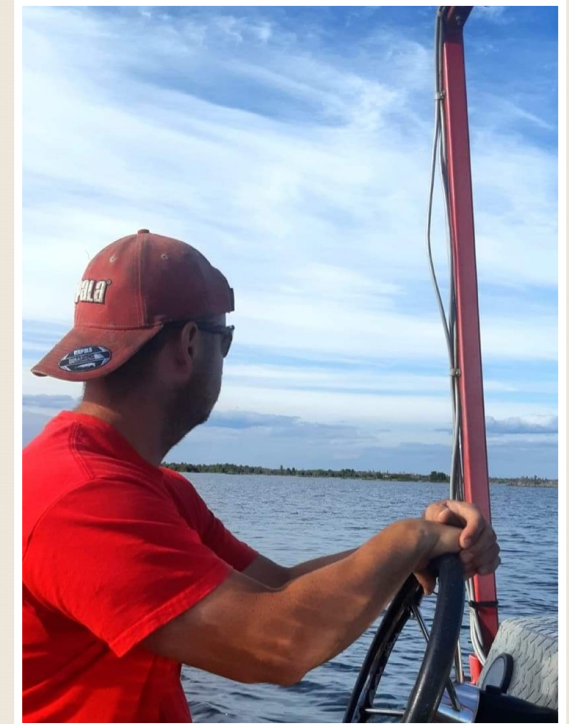

A little about me....

I am the oldest of five children, and a successful business owner. I am a natural leader, and a hard worker who continues to work tirelessly to reach my goals. If elected my main goal would be to help every member of the community. I will strive to provide opportunities to each band member have access to opportunities and have the full support of their council and community to reach their goals. I will make every effort and work hard to secure opportunity and prosperity for all future generations of Henvey Inlet First Nation. I believe that I possess and have exhibited throughout my own professional life the attributes required for strong and fair leadership. The qualities of honesty, integrity, and accountability form the basis of how I conduct myself as a fair and hardworking businessman. I am humbled by my nomination and the opportunity to use these attributes to give back to the community, which has supported me. Should I be elected Council my mandate would be to restore the faith and confidence of the community that council represents and is governed in the best interests of the community in its entirety.

Neil Herbert  
For Council  
Of  
Henvey Inlet

### *Leadership experience*

Proud owner of S&N Convenience and French River Gen 7, with my partner Susie, a personal business venture that I am very proud to have built within our community to provide opportunities for employment to community members, while filling a need within the community. The skills I've developed growing businesses show that my hands on management, and unique skillset could be an asset for this community and council. I'm experienced with strategic decision making, financial management and oversight, managing relationships, negotiations, and I am grateful to be considered to apply these skills for the benefit of our community. I am grateful for the ongoing community support that myself, and my businesses have enjoyed, and I am eager to give back in a meaningful way to show my appreciation. I will work hard to create a brighter a future of enhanced trust between council and the community, guided by the principals of honesty, integrity, and accountability to ensure fair and balanced representation, to all community members.

## VISION

My vision is to support community members through our council towards a brighter and more prosperous future for all community members. My main objective is to ensure each, and every community member have equal opportunity to be heard, to feel safe, to have a sense of security for the future, and to be included. I intend to help all community members, and make the resources of council available to all members to help our community to thrive

I would be humbled to be given the opportunity to earn the trust of the community, by ensuring council is accountable and transparent, and that the community we serve are confident that council is representing their interests. It is my belief that band members have a right to honesty about all decisions effecting their lives, including the band's finances which should be managed responsibly and transparently.

Access to services offered by council equitably and doing everything possible to ensure each member receives the support of council to better their situation and our community. It is my belief that with an engaged forward-thinking council, we can enable this community to prosper, and my skills and experience would be an asset to make council work for the people they serve.

### COMMITMENT TO FAIRNESS

My intention is to give each community member fair representation, and to hear them with an open mind and give all an equal opportunity. I will treat everyone fairly and ensure the future development of the community is done with the full support of the community we serve.

### CULTURAL GROWTH:

Engaging community members of all ages to participate, in revitalizing the traditional indigenous ways of living. Supporting both our elders and youth would create a more peaceful and prosperous place to live. I would also ensure that education on our cultural history is passed down to children of the community, to ensure a strong sense of pride in our shared history.

*Building our future together*
