Re:

2020 Treaty Payment

As you may have realized we have Indigenous Services Canada (Indian Affairs) come in and distribute any Treaty Monies (\$4) this year.

This was due to the COVID 19 pandemic that was realized earlier this spring and with the Premier's decision to restrict access to a lot of services/businesses who were advised to shut down, Chief and Council decided not to invite or have this event take place when originally planned in May 2020.

We've received a follow up letter from Indigenous Services Canada affirming that plan to defer the 2020 payment to 2021. This is for the safety of everyone. Chief and Council are agreeable to this.

If you want your Treaty payment, please see the attached listing of website addresses and links to obtain forms to request this money.

Thank you.

Non-Insured Health Benefits (NIHB) Update January 2021

Pharmacy benefit information

New coverage for Shingrix

- As of January 11, 2021, the Shingrix vaccine is covered by NIHB as a limited use benefit
- Shingrix is a vaccine to prevent shingles, which causes a painful rash and can be severe in some people
- Shingles is caused by the re-activation of the virus that causes chickenpox.
 The risk of shingles is higher in seniors and in people with weaker immune systems
- The vaccine is given in two doses, 2 to 6 months apart
- Prior approval is not required for clients between 65 and 70 years of age
- Shingrix is also included on the Formulary for adjunct medications used during active cancer treatment. Clients that have received approval for any medication on this formulary will be automatically approved for Shingrix
- For clients who have other serious health conditions that weaken their immune system, NIHB will consider coverage on an exception basis
- If your doctor prescribes the Shingrix vaccine for you, you'll need to get it from the pharmacy. Pharmacists should call the NIHB DEC to request prior approval, if required
- In most provinces and territories, the Shingrix vaccine can often be administered in pharmacies and pharmacists can bill NIHB for an injection fee. Contact your pharmacy to confirm that they have it in stock and if they can administer the injection
- If you are unable to have the vaccine administered at a pharmacy, ask your health care provider about other options
- To maximize the protection offered by Shingrix, it is important that you get both doses. When you get your first dose, ask your doctor or pharmacist to schedule your next dose

Other new pharmacy benefit listings

- Mezera 1 gram rectal foam (mesalazine) is available as an open benefit, so prior approval is not required. This medication is used for treatment of inflammatory bowel disease
- Ziextenzo (pegfilgrastim) 10mg/mL injection is listed as an open benefit.
 This medication is used to prevent infection in clients receiving certain types of cancer treatment
- Fast-acting dextrose products, Dex-4 Glucose Liquiblast and Dex-4 Glucose Gel are now available as open benefits, in addition to BD Glucose and DEX-4 Glucose tablets. These products are used to quickly raise blood sugar levels for diabetic clients
- Prevymis (letermovir) vials and tablets are limited use benefits, with prior approval required, for the prevention of cytomegalovirus (CMV) infection in adult clients who have received bone marrow transplants
- Riximyo (rituximab) 10 mg/mL injection is a limited use benefit for treatment of severe rheumatoid arthritis

Reminder: non-prescription products recommended by pharmacists

- Under the NIHB pharmacy prescriber policy, pharmacists and other health professionals can recommend non-prescription drugs and health products that are eligible for coverage as NIHB pharmacy benefits and listed on the NIHB drug benefit list
- Previously, NIHB had a list of selected non-prescription items that could be recommended by a pharmacist. That list is no longer in effect, and is replaced by this new policy
- This means you don't need a prescription from a doctor for coverage of nonprescription items on the NIHB drug benefit list
- A few examples of products that can be recommended by pharmacists for NIHB coverage are:
 - smoking cessation products
 - o vitamins
 - non-medicated emollient creams, such as Glaxal Base and similar products, for the treatment of eczema. Prior approval is required
- Check the <u>NIHB drug benefit list</u> to find eligible pharmacy benefits covered by NIHB, as well as any criteria for coverage

Medical supplies and equipment (MS&E) information

Augmentative and alternative communication benefits

- Augmentative and alternative communication (AAC) benefits are now listed as MS&E benefits
- These devices and supplies are used to supplement or replace natural speech when clients have a significant speech impairment
- AAC benefits covered by NIHB include:
 - quick messaging devices
 - speech-generating devices (SGD)
 - o communication display boards and software
 - integrated and complex systems
 - software
 - o switches and mounting systems
 - accessories
- Find more information in the communication aids benefits list

Non-implantable bone conduction hearing systems

- Non-implantable bone conduction hearing systems are now a limited use benefit
- These products may be used by clients with conductive hearing loss that isn't helped by regular hearing aids
- Find more information in the <u>audiology benefits list</u>

Reimbursement for gloves

- NIHB covers latex and vinyl gloves as open benefits, up to 12 boxes per year
- Providers can bill NIHB, or NIHB will reimburse clients up to \$13.75 for one box of 100 gloves in all provinces, and \$15.80 in the Territories
- Gloves are covered with a prescription from a physician or a nurse practitioner, or a written recommendation from a registered nurse
- Find more information in the <u>medical surgical supplies and equipment</u> benefit list

Vision care benefit information

Temporary coverage of shipping during COVID-19

- As a temporary measure, vision care providers can bill NIHB for the cost of shipping eligible eyewear to clients who are unable or prefer not to visit the retail location
- Let your eyewear provider know if you'd like the item shipped to you so they can include the shipping cost in the prior approval request to NIHB

Big life Journal

- CREATE POSITIVE MEMORIES for your children to talk about in the future. Focus on connection, relationships, gratitude, and having fun.
- ESTABLISH A LEARNING ENVIRONMENT that works best for your family. Don't replicate the classroom.

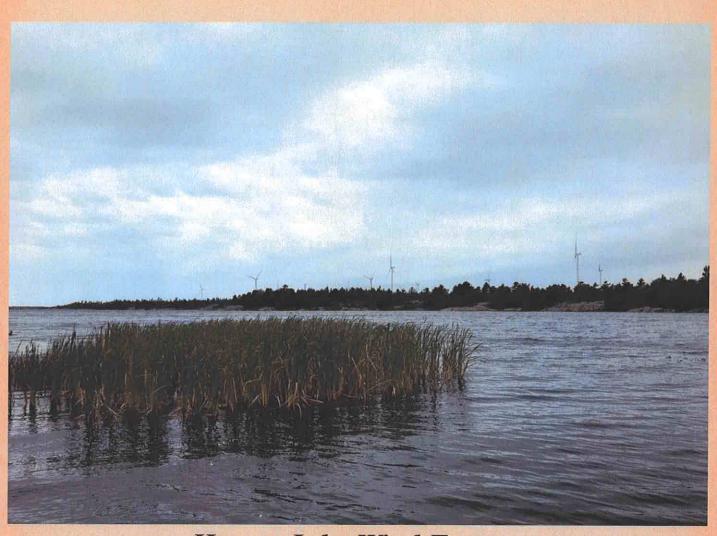

- ADD A WEEKLY TRADITION to your family so everyone has something to look forward to.
- BEGIN THE DAY WITH "FAMILY TIME". Every day, a different person decides what the family does for the first hour of the day.
- FILL A HEALTHY SNACK BOX AT THE START OF THE DAY. Your child can choose when they snack and how often. When the box is empty, that's it for the day.
- TAKE A SHORT BREAK WHEN THINGS GET DIFFICULT. Do not think too far ahead. Take one step at a time.
- ENCOURAGE YOUR CHILDREN to learn something new or try something they've never done before. For ideas, download the FREE Stay-At-Home Care Package.
- LEARN A NEW SKILL YOURSELF! For example, practice meditation, take a positive psychology course online, or learn origami.
- CREATE A MORNING ROUTINE that works for your family by adding fun activities like family yoga or dance party.
- TEACH CHILDREN IMPORTANT LIFE SKILLS such as doing laundry, cleaning bathrooms, fixing things around the house, and cooking. Have them plan and cook one meal at least once a week.
- MAKE A FORT AND HIDE THE BIG LIFE JOURNAL INSIDE! Have a pretend camp-out, including a picnic, inside the fort.
- 13 CREATE A QUARANTINE DIARY OR TIME CAPSULE. Keep track of your daily activities and write them down.
- START A "LOOKING FORWARD TO" JAR. Every time someone wishes they could do a specific thing, write it on a note and put it in the jar to do after the restrictions end.
- FILL A SMALL BOX with things that make your children feel good (something soft or squishy to touch, lyrics or quotes from favorite songs or shows, a favorite book, a non-perishable snack they like, etc).
- HAVE FAMILY MEETINGS TO TALK about what's working and what needs to be adjusted.
- CREATE A LIST OF DAILY "CHALLENGES", which might include reading a certain number of pages, making an art project, working on a puzzle, calling a friend or relative, or building something.
- 18 INVENT A GAME! Here's an idea from a member in our community: get game dice and LEGO® bricks (or something similar). Roll the dice and the number you get is the number of pieces you have to build with. Keep rolling and create some amazing and imaginative projects!
- THROW A CHOOSE YOUR OWN ADVENTURE DANCE PARTY! Roll a dice. If it's: 1 or 4: freeze dance (dance until the music is paused). If it's a 2 or 5: keep it moving (you can't stop moving until the song is done). If you roll a 3 or 6: dress up dance (put on a mask, cape, costume, funny hat, etc.). Have fun!
- 20 FIND WAYS TO HELP YOUR LOCAL COMMUNITY FROM HOME. Donate to a local food bank, sew masks, drop off food for elderly neighbors, etc.
- 21 TURN A HALLWAY INTO A BOWLING ALLEY for rainy days or make one outdoors on sunny days. Use toilet paper rolls for bowling pins or design your own with cardstock paper. Get creative!
- EXERCISE DAILY! Have children make a "PE video" for their friends. Designate Family Exercise time each day and go for walks, ride bikes, have a dance party, etc.
- 23 START A GARDEN OR GROW INDOOR PLANTS or herbs using recycled containers. Research which herbs, plants, vegetables, or fruits grow well in your area.
- MAKE A JAR OF FUN! Brainstorm a list of activities and write them down on slips of paper. Place them in a jar. When someone gets bored, pick an activity from the jar to do alone or with someone in the family.
- GO ON A "TRIP" OR "HOLIDAY" FROM HOME. Were your vacation plans canceled or postponed? Make pretend airplane or train tickets. Research the location, watch videos about the destination, cook meals, make postcards, make a funny video about your trip. Remember to take pictures!

Congratulations Shane Contin,

I am proud to announce that you are the chosen recipient for the Seven Grandfathers Teachings *LOVE* Award.

You were nominated by Dorothy Contin. And in her words, she had written this;

Shane is a loving and caring father to his son Dante. He always shows much love and patience while teaching Dante the whys and don'ts of growing up at the young tender age of 4.

He also demonstrated love and kindness to one of his nephews this past summer. He was crying after his brothers teased him and Shane knelt down to talk/comfort his nephew Luke who is just 5 years old.

Shane's love and kindness never ceases to surprise me as he is truly a kind man.

Respect Award 2020 Seven Grandfathers Teachings

Congratulations Francis Contin,

I am proud to announce that you are the chosen recipient for the Seven Grandfathers Teachings **BRAVERY/COURAGE** Award.

You were nominated by Brenda Contin. And in her words, she had written this;

Francis is my 2 yr. old gift from parents who are struggling at this specific time in their lives.

He has been fighting a chronic heart condition that has tested his ability to fight and be strong for both himself, his family and his foster parents.

Throughout his painful ordeal or tests and treatments he has done nothing but prove his strength both physically & mentally.

He has persevered and demonstrated his will to live and show us what bravery and courage really is in the face of adversity.

Yes, he has cried, yes, he has been down, but he has always gotten back up and given nothing but joy and blessings to everyone he meets.

Brenda Contin

Once again, congratulations Francis!
